PRODUCT DESCRIPTION:

SportPharma GAIN Max is a high quality, effective weight gainer unlike any other. At its core are 2 unique macronutrient matrices, engineered in the ideal 2:1 ratio of carbs to protein. The specialized protein blend, the Quad Protein Blend, is comprehensive and consists of 4 proven protein sources: whey hydrolysate (WPH), whey protein concentrate (WPC), casein, and egg. The Quad Protein Blend can deliver both a "fast" and "slow" release of amino acids when your muscles need them most. This matrix is coupled with a special Quad Carb Blend comprised of highly functional complex carbohydrates, ranging from cutting-edge trehalose and waxy maize starch (WMS) to d-glucose and maltodextrin. Together, GAIN Max's potent formula will deliver quality calories for quality lean mass gains. When you're looking to bulk and add on quality lean mass, look no further than SportPharma GAIN Max.
